

## White Rose Maths

Watch the video then complete the worksheet.

Please see the pdf on the home learning page where you will find the videos, worksheets and answers for each lesson.

Write the answers in your work book. Why not correct your mistakes with a purple pen/pencil?

Summer term - week 7 (we are working 1 week behind on White Rose)

Lesson 1 - Measure length

Lesson 2 - Equivalent lengths (m and cm)

Lesson 3 - Equivalent lengths (mm and cm)

Lesson 4 - Compare lengths

Click here to play an interactive game.  
Can you select the correct measurements?

<https://www.topmarks.co.uk/maths-games/measuring-in-cm>

1) Jana and Fredrick are cutting pieces of rope to make skipping ropes.

Jana

We should measure each piece in centimetres. It will be easier.

Fredrick

We should measure each piece in millimetres to be more accurate.

Who do you agree with? Explain your reasons.

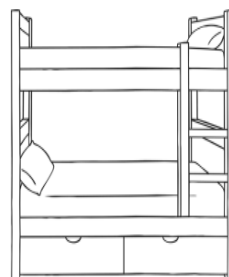

## Mathematics

Week Beginning: 15.06.20

Focus: Measuring lengths

Measure your bed using your hands.

My bed is \_\_\_\_ hands long.

Measure your bedroom using your feet.

My bedroom is \_\_\_\_ feet long.

Practise your times tables regularly using Times Tables Rock Stars.

Practise number bonds and facts using Numbots - a company connected to Times Tables Rock Stars. Use the same username and password.
